## SUMMARY

I'm a dedicated and results-driven junior software developer with a year of hands-on experience in developing dynamic and responsive web and android applications at Edbrook Private Limited. My expertise lies in leveraging Python frameworks, including Django, along with front-end technologies like HTML, CSS, JavaScript, and React Native, to create seamless user experiences. I also have experience working with MySQL for efficient database management and integration.

## EDUCATION

Master of Science in physics	Madras University	May-2019
------------------------------	-------------------	----------
